Sunseeker Superhawk 50 (1992)

Ubicado en Cancún, Q. Roo, México. Excelentes condiciones, ven a visitarlo facilmente.

Detalles

1992 Sunseeker Superhawk 50 with twin 680 hp D2848 LXE MAN diesel engines on Arneson surface drives. This head turning high performance sports cruiser is truly in a class all of its own, combining spacious accommodation with blistering performance. In addition to a considerable sum being spent on recent upgrades including new electronics, bow thruster, covers, battery charger, batteries, bilge pumps and fire extinguishers etc, no expense has been spared on a very thorough program of maintenance on the engines, Arneson surface drives, generator and ancillary systems.
